Business Model

USA, Canada, Israel, EU,
Great Britain, Russia, India, China, Japan

Business model (multiple revenue streams)

Navitomia earns on planning and manufacturing of surgical guides (MARGIN 50%)

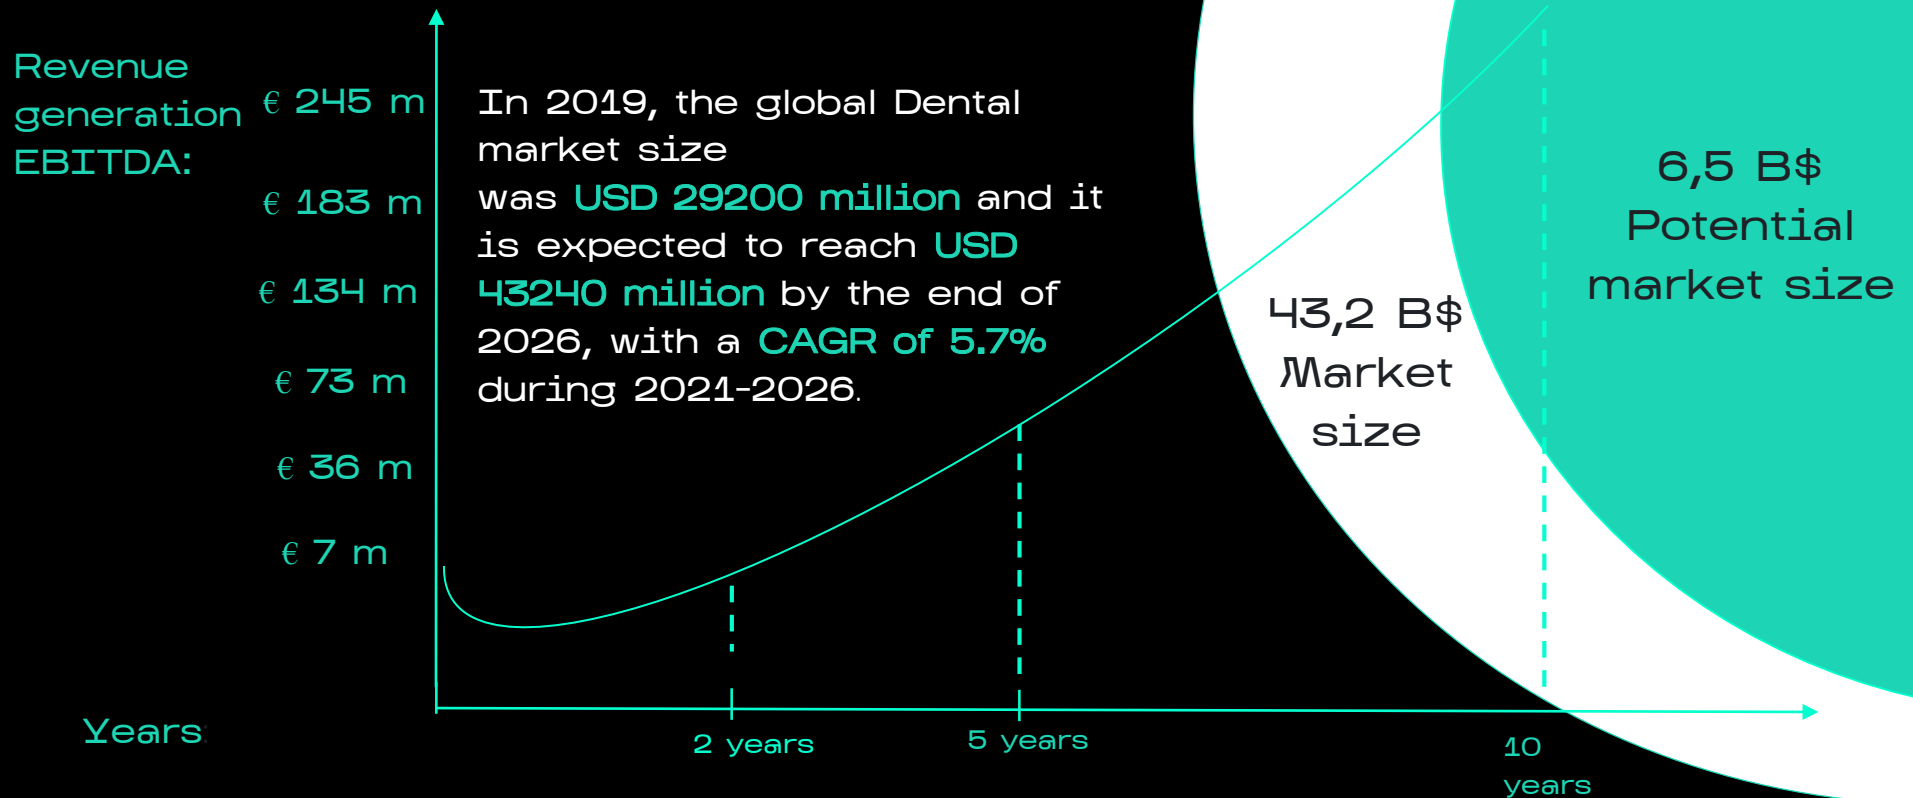

Navitomia earns on sales of unique navigation surgery tools (MARGIN 70%)

Navitomia earns on sales of educational courses for doctors (50\$ - 500\$ for each course)

The FUTURE

Simplified finance

Capital need

Russian market expansion, IP action, navigation
kits manufacturing, PR action
€ 500 k / 2 years

Paths to
Commercialization:

or

Commercial sales of
kits, surgical guides

Revenue
generation

Company
acquisition

Potential exit

Exit strategy

We're looking for an investment partner to build the biggest digital dentistry company **in the world**, but if you're interested in exit:

Merges and Acquisition deal (M&A)
(2-3 years) ROI: x40

or

Initial public offering (IPO)
(8-10 years) ROI: x200

Exit
